

With a variety of petrol engines to choose from, TIFON trowels series allow users to pick the appropriate model for their needs.

» The set includes float discs and finishing blades.

# TIFON

## TROWELS

+ **Lifting point**

Equipped to facilitate the transport of the machine.

+ **Adjustable blades**

Designed to allow manual adjustment of the blade's inclination by the user.

+ **Dead man's system**

Two-way security system that disconnects the machine not only when user releases the handlebar but also when the trowel starts to turn uncontrollably.

+ **Foldable handle**

Featured on models 600 and 900 for easy transportation.

## TECHNICAL DATA

MODEL	ENGINE	POWER (CV)	SPEED (r.p.m.)	DIAMETER (mm)	WEIGHT (Kg)
TIFON 601	HONDA GX160	5.5	120	600	52
TIFON 602	ENAR G200	6.5	120	600	52
TIFON 909	HONDA GX160	5.5	127	900	80
TIFON 910	ENAR G200	6.5	127	900	80
TIFON 907	HONDA GX270	8.4	127	900	83.5
TIFON 1201	HONDA GX270	8.4	135	1200	104
TIFON 1203	HONDA GX390	11.7	135	1200	109.7
TIFON 1204	ENAR G390	13	135	1200	109.7
